FLORIDA ARTIST GROUP, INC.

ORGANIZED IN 1949

PURPOSE

The FLORIDA ARTIST GROUP was incorporated as a non-profit organization of practicing artists who had gained recognition nationally or state-wide and whose work would contribute significantly to its exhibitions. The purpose is the stimulation of finer standards of the creative effort within the state of Florida.

In every painting, as in any other work of art, there is always an idea, never a story.

—Orozco

ANNUAL SYMPOSIUM

Since 1949, the F.A.G. has held a symposium and a members' exhibition each year in a different Florida city. Its educational and other cultural aims are advocated at these meetings thru lectures, panel discussions, films and exhibits. Outstanding speakers participate in these annual meetings.

SELECTION OF MEMBERS AND EXHIBITION

To apply for membership the artist must be sponsored by an artist member of F.A.G. The application signed by the sponsor plus a resume of his studies, juried shows accepted, awards, other organizations, etc., should be sent to the area chairman. On acceptance and paying of dues, he will become an Associate Artist member. The associate will have all the privileges in the Florida Artist Group except the right to vote and to be eligible for monetary awards. He may send works to the shows and exhibit if accepted.

If he is accepted in two of the juried shows within any five year period or less he will automatically become a full artist member.

Civic Associate Members (non-artists) are accepted with all privileges except the right to vote and are very welcome to participate in all meetings and festivities of the Symposium and local meetings.

REGIONAL MEETINGS

In addition to the Symposium and Exhibition held in the Spring, regional meetings are sponsored at other times in various places in the state. The nature of these meetings follows, in a small way, the character of the Spring meeting. They also serve to bring the members of the organization more closely together. Often a limited exhibit enhances the regional meeting.

Beauty is momentary in the mind.
The fitful tracing of a portal;
But in the flesh it is immortal.

—Wallace Stevens

JURIED SHOWS

To insure an excellent annual exhibition the show is juried. The practice is to have an out-of-state juror who is prominently associated with art administration or education or is a painter of national repute. Whenever it is possible the juror is also one of the principle speakers at the Symposium.

Critic: "What kind of Jury do you like?"
 Artist: "I like a Jury that likes my work."
